If you answered "HAIR" to every teacher that called roll, then they would end up where Miss Pyne is now... At the Pope's house eating tea and crumpets. You're just too darn crazy at times and you should be watched by the authorities. I'll always remember the great evening in Lot #17 and unfortunately so will my old man. Get off your butt and do something that will make you famous. You'll need the fame to fall back on when the cops bust your ass in Chicago some day.

Bands Play It Big This Year

A

B

The 1976 Concert and Symphonic Bands really had a terrific year. To start with, the Marching Band was invited to the University of Michigan's Annual Band Day. Being a feature band, they played in the mass band ceremonies during the halftime and also performed a post-game show.

As the year progressed, they traveled to Alma for the District Band Festival. At the Festival, the Symphonic Band earned the rating of four 1's. These excellent marks were enough to send them to Traverse City for the State Band Festival, where they scored three 1's and a II in sightreading. The Concert Band scored three 1's and a III at District Festival.

Along with the Spring Concert, the bands "went on tour." They played for the high schools in Pewamo-Westphalia and Morris.

As school drew to a close, the combined bands were invited to play for the Youths Arts Festival and march in the Memorial Day Parade. For their Grand Finale, they finished the year by performing at graduation ceremonies.

Oiler Girls Have a Year of "Firsts"

This year was a year of firsts for the Oiler girls basketball teams at Merit. The first first came when the Oiler girls won the District tournament. The second was an assembly that was held in their honor. Last but certainly not least was the district championship! The Oiler girls set a new record with 15 wins to only 5 losses. The Oiler girls are now the best of their sport at the school.

Intramural Fun!

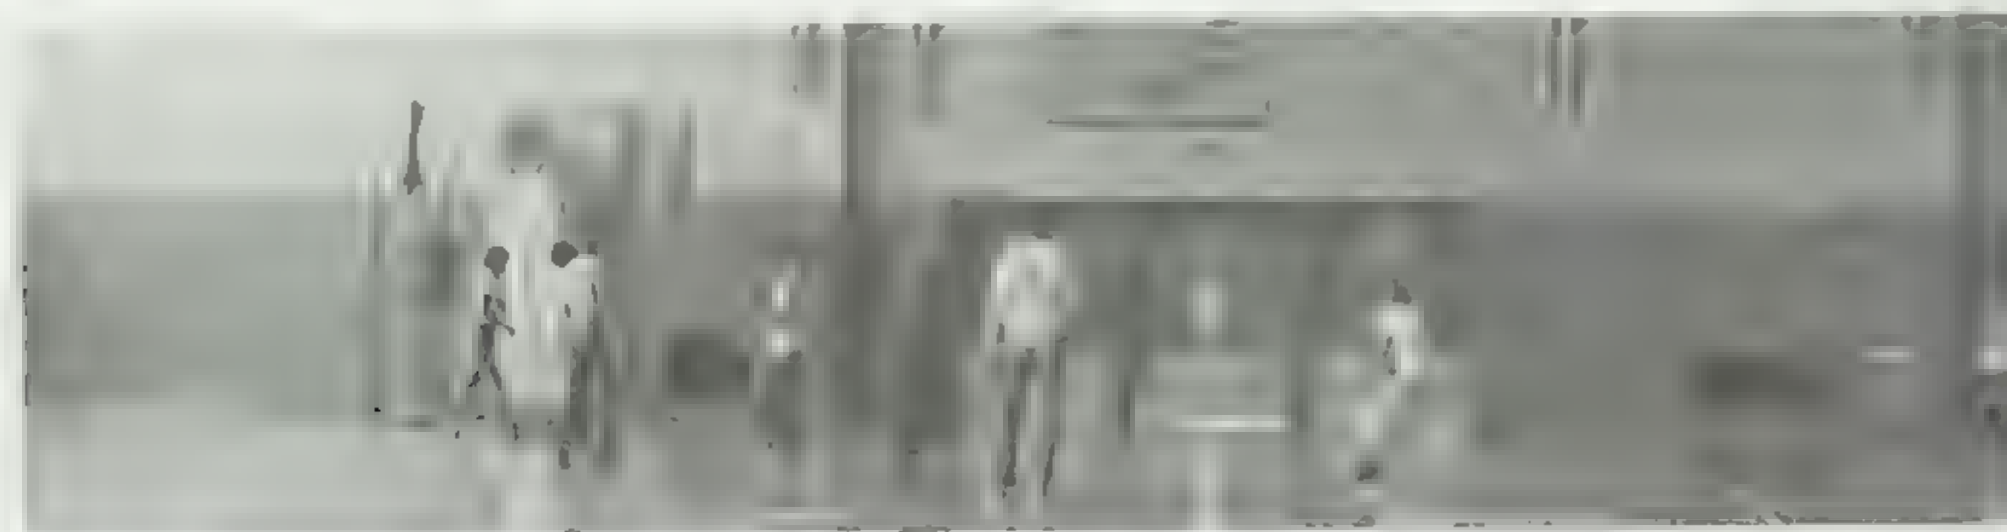

Intramurals played an important part of the school this year. It gave those who didn't have enough time to compete on the schools teams a chance to participate in athletics of some type. The program was lead successfully and very enthusiastically by Mr. Harry Plouff of the Business Department. There were activities for every season, beginning with fall which included Football, Cross Country, Tennis, Bicycle Endurance and Chess for Girls, Guys or Coed teams. With winter came Basketball, Floor Hockey, Arm Wrestling, Checkers and Paper Football. When spring

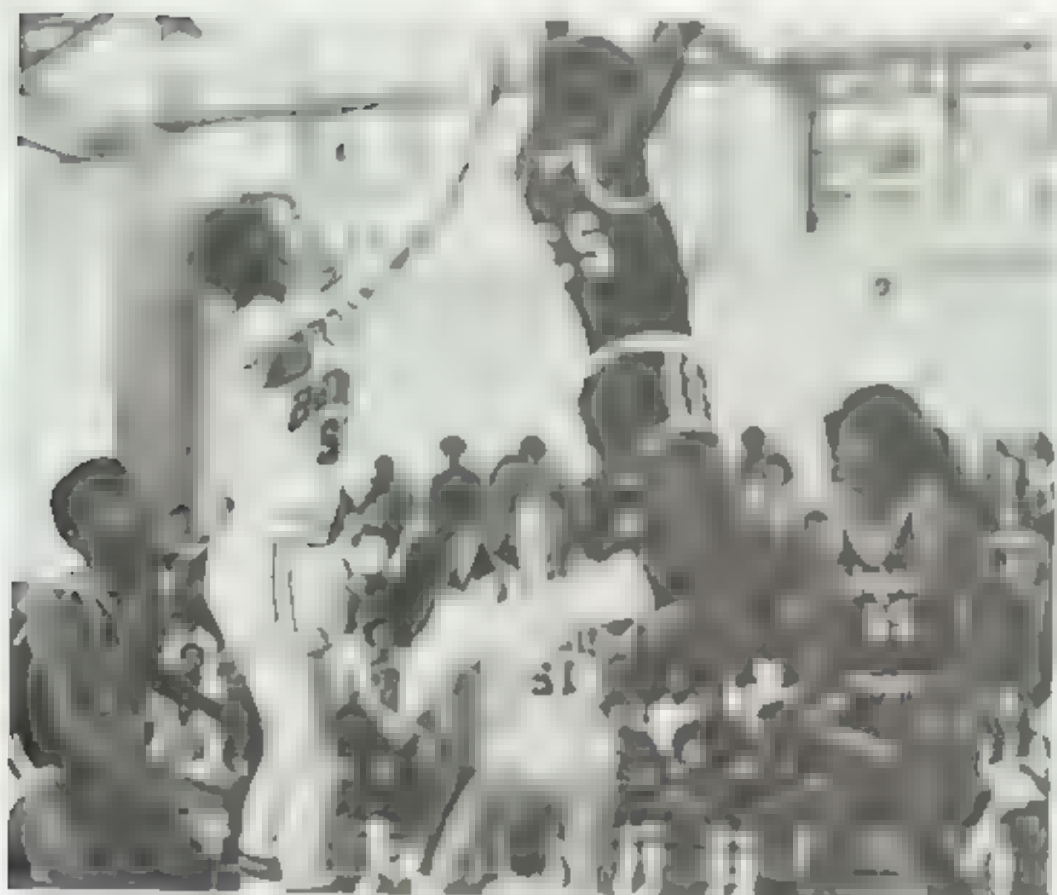

finally rolled around, people were beginning to lose interest so, Mr. Plouff and Staff (Mark Klein, Larry Noch, etc.) got things moving and soon there were people playing Softball, Tennis, Golf and running Track.

Anyone can get involved as long as they don't belong on the Varsity team of the intramural sport in which they wish to participate. Everybody get out there next year, it's alot of fun, exercise and you may even win an award!

A: Cor Gray takes a break from exams to dream of warm summer days. B: As school ends the lockers empty. C: Hey Buddy let's skip just one more time. D: Jim Reed gets a 'lift' from Dave Clare. E: The last mile. F: "We're HAPPY." G: All life has disappeared. H: "I've got a pair, how 'bout you?" I: Flowers aren't the only things that blossom in the spring! J: Just a smile from Rebecca Dobkins. K: "Now that the final exam is over, we can become friends!"

The photograph above was chosen for this page to illustrate the significance of graduation. Some will ask, is it the sunrise or the sunset? The answer lies in the feelings and ideas of each individual. To me it represents the sunset of some of the happiest, most memorable years of my life—my high school years, but also, as it should appear to us all, the sunrise to the rest of my life.

Good Luck Class of '76!
Liz

There are many, many people I would like to thank for helping me with this book, but I'm afraid it would take too much room. I would just like to express a very special Thank-You to Bob Pulver of Guys and Dolls Photography for the tremendous amount of time and patience he spent helping me and to Paula Clark for her excellent cover design and division page design.

Also, I would like to thank Mr. Courtright of House of Portraits for Music and Prom coverage.

Last, but certainly not the least, I thank my few loyal staff members who stuck it out to the finish. Thanks you guys, I sure needed you! On top of these staff members is Mr. Northway who deserves the biggest thank-you, THANK YOU!

A special credit to Kevin Wilkins for first and last page photography.

Mr. Andre,

To a vicious, disgusting, malicious, deceitful, backstabbing, dirty, lying, bushy-haired person. (Is it really pink?)

I've only kept a file on you for a short time, but so far I've recorded:

① Is a Ford fanatic. Says they're the best. (including Jerry!)
PRES.

② Is a mean, sinister, rotten, curly-haired thief who took my bodywork book to Chicago and didn't bring it back.

③ Is possessed by the belief that he must have more wheelcovers for his walls.

④ Is the "owner" & "president" of the Oak Trust and Savings Bank of Chicago. (We never got Buckley convinced, did we?)

⑤ [Due to mature subject matter, parental disgression is advised] YOU S _____ K.
(NOT BAD EH?)
